WIND ENERGY

Wind power for homes and industry

clean energy, from home turbines to wind systems.

Residential wind turbines for homes and farms, and wind power systems from 10 kW to 5 MW+. Every site is assessed for wind before a proposal is made, because suitability depends on the site.

AI-generated representative image

What is included

- Generate your own clean energy at home
- Reduced electricity bills
- Battery storage option available
- Low maintenance
- Site wind assessment before any quotation
- Installation inside our three districts

Best for

Homes, farmhouses and rural properties with steady wind and space; industries evaluating wind alongside solar.

Home Wind Power

Residential wind turbine with a battery storage option. Suitability is confirmed by a site wind assessment.

Wind Power Systems

Small 10 to 50 kW, medium 100 to 500 kW, large 1 to 3 MW, and 5 MW+ utility scale.

Specifications are as published by the manufacturer. Product images are representative. Subsidy eligibility, availability, pricing and warranty terms are confirmed in your written quotation. This brochure does not collect payment; pay only through the official Wavesun Energy channels stated in your quotation.

HOW IT WORKS & WHAT TO EXPECT

Wind power for homes and industry
from enquiry to running.

How a wind system connects

1 **Wind** — Turns the rotor → 2 **Inverter** — Makes usable power → 3 **Home or site** — Runs your loads → 4 **Battery/grid** — Stores or exports

Before you buy

- A site wind assessment confirms whether a turbine suits your location
- We do not promise an output; your quotation states its assumptions
- Planning and local approvals are confirmed for your site

Subsidy

PM Surya Ghar covers rooftop solar only, not wind turbines. Confirm any other programme before purchase.

Wind with solar

Industrial and institutional buyers often evaluate wind alongside solar. We can present both options in one written proposal.

01
Call to scope
A short call to confirm the site, load and what the product must do.

02
Written quotation
Itemised pricing, scope, warranty terms and timelines. No obligation to proceed.

03
Supply or install
Delivery across India for products, or installation and commissioning inside our three districts.
