SHREE RADHEY GREENS · SUPER DISTRIBUTOR OF WAVE SUN ENERGY

Build the network. Log the lead. Let Wave Sun Energy deliver.

A clear role, a written programme and a capable delivery team—without income promises.

AI-generated illustrations are representative only; they do not depict an actual partner or installation.

01 · THE HAND-OFF

A network you build. A project the company delivers.

The route is open across India, subject to Wave Sun Energy approval. No territory is reserved and the distributor is not asked to become the installer or payment collector.

DISTRIBUTOR

Build & log

Develop your advisor network, support advisors and enter your own direct-sale leads in the partner portal.

SHREE RADHEY GREENS

Network & support

Super distributor of Wave Sun Energy. Represents the product and supports partner onboarding; local operations focus on three districts.

WAVE SUN ENERGY

Deliver the project

Site survey, quotation, customer payment collection, supply, installation and commissioning.

FROM FIRST INTRODUCTION TO COMMISSIONING

01

Build + log

Develop advisors and enter your own direct leads in the portal.

02

Survey + quote

Wave Sun Energy manages the technical and commercial review.

03

Customer pays Wave Sun

The distributor does not collect the project payment.

04

Project delivered

Wave Sun supplies, installs and commissions.

A simple rule that protects everyone

For a distributor's own direct sale, the lead is entered in the partner portal. Wave Sun Energy then surveys, quotes, collects the customer's payment, supplies, installs and commissions the system.

Distributor and advisor routes are pan-India and non-exclusive. SRG's local stock, joint surveys and warranty escalation support are for Ghaziabad, Gautam Budh Nagar and Bulandshahr.

AI-generated illustrations are representative only; they do not depict an actual partner or installation.

02 · TRANSPARENT ECONOMICS

Two wallets. Two different jobs.

Keep promotional-kit credit separate from product-sale income. No fixed ROI or monthly-income claim.

DISTRIBUTOR ACTIVATION

₹1,00,000

Credited to the promotional-kit wallet.

ADVISOR REFERRAL

₹2,000 / advisor

Separate referral credit to the kit wallet.

PROMOTIONAL-KIT WALLET

Non-withdrawable

Used when you activate advisors; not a cash balance.

₹

ADVISOR ACTIVATION & TIER

₹10,000 per advisor is kept separately by the distributor; a separate ₹2,000 referral goes to the kit wallet. Advisors earn 10% on their own eligible sales only, with no indirect tier.

PRODUCT-SALE COMMISSIONS · EXCLUSIVE OF GST

YOUR OWN ELIGIBLE SALES

15%

Credited to the income wallet.

ELIGIBLE ADVISOR SALES

5%

Sales closed by advisors under you.

INCOME WALLET · REDEEMABLE

Only product-sale earnings are redeemable.

Commission eligibility, credit timing and withdrawals follow current written terms.

AI-generated illustrations are representative only; they do not depict an actual partner or installation.

03 · ILLUSTRATIVE INCOME + WALLET EXAMPLE

Illustrative income—no promise.

Hypothetical month: you close ₹10,00,000 in own eligible sales and 12 advisors each close ₹10,00,000. Values are before GST; no volume or income is assured.

Sales source	Eligible sales (before GST)	Rate	Illustrative commission
Distributor's own sales	₹10,00,000	15%	₹1,50,000
Advisor network (12 × ₹10L)	₹1,20,00,000	5%	₹6,00,000
Combined product-sale total	**₹1,30,00,000**	**—**	**₹7,50,000**

Both commission rates are exclusive of GST and apply to eligible sale value under current written terms.

ONE-TIME ACTIVATION EXAMPLE · SEPARATE FROM MONTHLY SALES COMMISSIONS

How the ₹1,00,000 kit wallet could activate 12 advisors

Assume ₹10,000 wallet spend per activation; each advisor pays ₹10,000 to the distributor (retained) plus a ₹2,000 referral credit to the kit wallet.

STARTING BALANCE

₹1,00,000

Non-withdrawable activation credit in the promotional-kit wallet.

AFTER 10 ADVISORS

₹20,000 wallet

10 activations use ₹1,00,000; 10 × ₹2,000 referrals = ₹20,000. Distributor retains ₹1,00,000.

NEXT 2 ADVISORS

₹20,000 used

Use the referral balance for 2 more activations; ₹4,000 returns to wallet. Distributor retains another ₹20,000.

AFTER 12 ADVISORS

₹20,000 gross difference

Distributor retains ₹1,20,000 total; ₹4,000 remains in wallet. Gross cash difference vs ₹1,00,000 initial outlay: ₹20,000.

Read the activation example carefully

₹20,000 is a gross cash difference before expenses and taxes—not net profit or a guarantee. It excludes travel, marketing, staffing and other costs. For another advisor, use any kit-wallet balance first and top up to ₹10,000 for the next activation, subject to written terms. The ₹2,000 referral is wallet credit, not cash.

AI-generated illustrations are representative only; they do not depict an actual partner or installation.

04 · YOUR NEXT STEPS

Start with a conversation—not a promise.

Understand the current terms, the local opportunity and the work involved before you activate.

A CLEAR ROUTE TO START

01 Enquire with SRG
Tell us about your business, network and the locations you serve.

02 Review the written terms
Check the activation wallet, referral handling and current product-sale rates.

03 Apply with Wave Sun Energy
Appointment is subject to company review; follow its official payment instructions.

04 Onboard with SRG
Receive product guidance, proposal tools and applicable local support.

05 Build and log
Activate advisors, support their leads and enter your own direct-sale leads in portal.

A strong fit if you…

- Already work in electrical, solar, hardware, retail or local sales.
- Want to develop a team of advisors, not only sell from one counter.
- Can support honest lead follow-up and keep records in the portal.
- Understand that Wave Sun Energy—not the distributor—handles customer payment and installation.

Open pan-India, subject to approval. No pincode or district is reserved for a distributor.

SCAN TO VIEW PROGRAMME

Distributor activation is ₹1,00,000, credited to a non-withdrawable promotional-kit wallet and spent by activating advisors. Each advisor's ₹10,000 activation is kept separately by the distributor; a separate ₹2,000 referral per advisor is credited to the kit wallet. Distributor earns 15% of own eligible sale value and 5% of eligible advisor sales, exclusive of GST. Advisors earn 10% on their own eligible sales only, with no indirect tier. Only product-sale earnings in the income wallet are redeemable. No income, appointment, territory, ROI or payback is guaranteed; signed Wave Sun Energy terms prevail.

AI-generated illustrations are representative only; they do not depict an actual partner or installation.
